About NYSCAA

The New York State Community Action Association (NYSCAA) is a nonprofit association created in 1987 to support New York State's Community Action Agencies.

NYSCAA provides Community Action Agencies with information, professional development, and technical assistance to enhance the capacity of agencies to serve as effective and responsive community resources.

Collectively, NYSCAA and Community Action Agencies promote a greater understanding of poverty throughout New York State while providing services to improve the quality of life for low-income people and help them rise to self-sufficiency.
