

ABOUT NYSCAA

The New York State Community Action Association (NYSCAA) is a nonprofit association created in 1987 to support New York State's Community Action Agencies.

NYSCAA provides Community Action Agencies with information, professional development, and technical assistance to enhance the capacity of agencies to serve as effective and responsive community resources.

Collectively, NYSCAA and Community Action Agencies promote a greater understanding of poverty throughout New York State while providing services to improve the quality of life for low-income people and help them rise to self sufficiency.

WHY BECOME A MEMBER?

As a NYSCAA member you will gain knowledge and insight about the fight against poverty from national, state, and local experts.

You will have the opportunity to network at conferences and events with people who, like you, are committed to ending poverty.

NYSCAA's advocacy and training will help you strengthen your skills, learn about best practices, and advance the knowledge of our network and community.

If you share our vision, supporting NYSCAA will give you the satisfaction of knowing you are making a difference.

Please see the back side of brochure for further contact details.
