Dear Colleague:

We are pleased to release the 17th Annual New York State Poverty Report. This report is designed to be a useful resource for New York's Community Action Agencies, community based organizations, policy makers, advocates, community coalitions, and the general public. While the report is not designed to recommend specific policy or system changes, it does provide essential data that we believe will inform dialogue about how to address the complex issue of poverty. It is our goal to provide the information needed to enhance the capacity of agencies to serve as effective, responsive community resources in the fight against poverty.

Much of the data contained in the report is based on the American Communities Survey (ACS) that the US Census Bureau aggregates in five year estimates (2017-2021). The report also includes ALICE (Asset Limited, Income Constrained, Employed) data at the state and county level. ALICE data represents the growing number of families who are unable to afford the basics of housing, child care, food, transportation, health care, and technology.

The sources of all the data used in the report can be found on page 180. A digital copy of the Report is on the NYSCAA website <https://www.nyscommunityaction.org/poverty-reports> where you can choose to download the entire report or specific county profiles.

We welcome your feedback about the report, and NYSCAA staff can be reached directly from our homepage at www.nyscommunityaction.org or by phone at 518.690.0491.

Sincerely,

JACQUELINE ORR, CEO

Maps:

On each county profile page, the map of NYS is included, with the county highlighted in red. On city profile pages, the map of NYS is again included, with the county highlighted in grey and the cities noted in red. Inset map is the county, with cities noted.

Population Data:

The population is the official count of people from the US Census Bureau's (USCB) BO1003 report.

The Population for Whom Status is Determined reflects the size of census samples and is provided in USCB report S1701.

Poverty Data:

The poverty rate includes all individuals living in poverty. The numbers are then broken down in three other categories: children under 18, adults age 25 and older and adults age 65 and older.

The percentage of each group living in poverty is followed by the number of individuals that percentage represents.

ALICE Data:

ALICE (Asset Limited, Income Constrained, Employed) represents the households earning above the poverty level but still struggling to make ends meet. Data from the [United for ALICE](#) partnership, data year 2024.

ALL Census Reports cited are from the American Communities Survey FIVE year estimates (2018 - 2022).

Data Key

Please see data.census.gov for more specific definitions for any of the data sourced from USCB reports.

Education & Poverty Data

The first group of numbers reports the percentage of the entire population in each education category. The second group shows the percentage of all people in each education category living in poverty. This data is from USCB Report S1701.

Employment & Poverty Data

Median Income - Total income is the sum of the amounts reported for wage/salary income, self employment income, interest, dividends, rental income, royalty income, income from estates or trusts, Social Security or Railroad Retirement income, Supplementary Social Security, public assistance or welfare payments, retirement/survivor/disability pensions and all other income. The data is from USCB Report S1501.

Living Wage - The wage listed is the wage an individual would need to earn as the sole provider for a household consisting of themselves and one child based on the typical expenses in that county or city. This wage is a minimum estimate of the cost of living for a low wage family. Data from Massachusetts Institute of Technology Living Wage Calculator (livingwage.mit.edu), and represents 2022 data downloaded March, 2023.

Hourly Wage - The hourly rate listed is that which one person would need to earn working year round, 40 hours per week in order to afford a two bedroom apartment at the fair market rate (FMR) for that county, assuming 30% of income is spent on housing. Data is provided by the National Low Income Housing Coalition's report: Out of Reach 2022 (www.nlihc.org).

Health & Poverty Insurance

Based on self reporting this includes people who do not have: insurance from a current/former employer, insurance purchased directly from an insurance company, Medicare, Medicaid, Medical Assistance, any government assistance plan for people with low income or disability, TRICARE or military health care, VA, Indian Health Service or any other type of health insurance or health coverage plan. Data from USCB Report S2701.

Gender & Poverty

Female Head of Household Of all households with a female head of household and children under 18, this is the percentage living in poverty. Data from USCB Report S1702.

Race, Ethnicity & Poverty

Data on race is based on self-identification. There are a minimum of five categories from which to select, including White and Black/African American. People are able to self-identify as more than one race. People who identify their origin as Hispanic, Latino or Spanish may be of any race. The data is from USCB Report S1701.

Resources & Partners

NYSCAA (New York State Community Action Association) was created in 1987 to provide New York State Community Action Agencies with information, professional development and technical assistance to enhance their capacity to serve as effective, responsive community resources. Through statewide legislative advocacy, training and technical assistance, peer support, networking, information technology services, capacity building, recognition and information exchange NYSCAA serves the collective interests of its members. NYSCAA convenes an annual Symposium on Poverty and Economic Security as well as a statewide professional development conference and is the lead for national R.P.I.C. for Region 2, NY, NJ, PR & USVI.

The Community Action Partnership is the nonprofit, national membership organization representing the interests of the 1,100 Community Action Agencies (CAAs) across the country that annually help 17 million low-income Americans achieve economic security.
